### 3" NERF BARS

- Available in standard and wheel-to-wheel configurations
- Premium quality, hand-polished, 16-gauge, 304 stainless steel tube with chrome-like mirror finish
- Also available in black powder coat
- Custom-molded plastic step
- Custom-designed, no-drill, powder coated mounting brackets
- Designed for easy installation

## SOFT ROLL-UP TRUCK BED COVERS

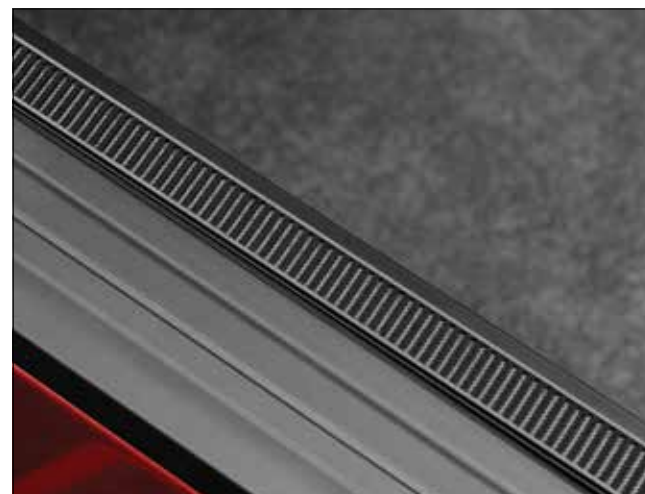

Upgrade your truck with the ProMaxx Soft Roll Tonneau Cover, engineered for durability, convenience, and a clean, modern aesthetic. Designed with a flush-mount surface, this low-profile cover enhances your truck's appearance while providing 100% cargo access. Simply roll the cover toward the front rail for full bed usability – perfect for hauling oversized gear on the go.

Installation is fast and hassle-free. With a quick 10-30-minute no-drill setup, the ProMaxx cover uses heavy-duty clamps and includes all tools and instructions, making it one of the easiest tonneau covers to install.

Built to withstand the toughest conditions, this cover features 24-oz. dual-soaked marine-grade vinyl and double-soaked PVC infused into a high tear-resistant fabric. It's engineered for extreme environments and UV tested to Grade 3 / 1000 hours, the highest standard in the marine industry, and treated for superior cold resistance to prevent cracking or delamination.

The frame is constructed from 6063-grade epoxy-coated aluminum, delivering rust-proof strength in a lightweight design. All supporting components are made from reinforced, cold-resistant nylon, ensuring they won't break or fail even in harsh weather.

For a perfect fit year-round, the ProMaxx Soft Roll Tonneau Cover includes a tension-adjustable locking system that keeps the cover tight, secure, and weather-ready in any season. Premium materials throughout – such as American & Efid™ high tear-strength nylon thread and Velcro® Brand hook-and-loop – ensure long-lasting durability that resists tearing, fading, and corrosion.

## SOFT TRI-FOLD TRUCK BED COVERS

Protect your truck bed with the ProMaxx Soft Tri-Fold Tonneau Cover, engineered for strength, convenience, and a clean, low-profile look. Designed with a flush surface design, this tri-fold tonneau cover enhances your truck's appearance while offering fast, easy operation and 2/3 cargo access – perfect for hauling gear while keeping the rest of your bed protected.

Arriving fully pre-assembled, the ProMaxx Tri-Fold can be installed in just 5-10 minutes with absolutely no drilling required. Heavy-duty clamps, instructions, and tools are included, making setup fast, secure, and hassle-free.

Built for demanding weather conditions, this tonneau cover features 24-oz. dual-soaked marine-grade vinyl and double-soaked PVC bonded into high tear-resistant fabric. Its materials meet the Grade 3 / 1000-hour UV standard, the highest rating in the marine industry, ensuring maximum resistance to sun damage. The vinyl is also extreme cold resistant, preventing cracking, delamination, or stiffness in freezing temperatures.

The frame uses 6063-grade epoxy-coated aluminum, providing a rust-proof, heavy-gauge structure that remains lightweight. All plastic components are crafted from reinforced, cold-resistant nylon, designed to withstand impacts and harsh climates without breaking.

A simple, secure latch system allows quick operation and dependable protection while driving. To ensure long-term durability, the ProMaxx Tri-Fold uses American & Efid™ high tear-strength nylon thread – the same thread used in automotive OEM applications – and premium Velcro® Brand hook and loop, offering superior resistance to tears, fading, and corrosion.

## NEW! HARD LOW-PROFILE TRUCK BED COVERS

Enhance your truck's appearance and cargo protection with this hard low-profile tonneau cover, designed for strength, security, and effortless operation. Built with a matte black powder-coated aluminum frame and 8mm thick hard panels, it delivers a sleek, flush-mounted look that complements any truck while improving aerodynamics.

Engineered for durability, the corrosion-resistant aluminum frame is paired with a PP honeycomb core between panels, providing exceptional resistance to impact and heavy loads without adding unnecessary weight. This construction ensures reliable performance in demanding weather and work conditions.

A secure track-and-rail mounting system keeps the cover firmly in place, offering stability and confidence on the road. When closed, the auto-latching closure system creates a tight, secure seal to help protect your cargo from the elements and unwanted access.

Designed for everyday convenience, one-hand squeeze latches allow for quick and easy bed access. Installation is fast and hassle-free with a drill-free mounting system, and all required hardware and tools are included – no vehicle modifications needed.

- Sleek low-profile design with matte black aluminum frame
- PP honeycomb panel core for superior force resistance
- Auto-latching closure for a tight, secure seal
- One-hand operation with easy-release squeeze latches

## SPRAY-IN BED LINER COATING, 55-GAL.DRUMS

### A-SIDE

- 50-gallon Part-A (Isocyanate)
- Seamless
- Tough and elastomeric
- Quick drying
- Low temperature flexibility
- Abrasion and impact resistant
- Cannot be used in situations of extremely high or low pH, coupled with high temperature immersion

Part #PROMAXX-A

### B-SIDE

- 50-gallon Part-B (Resin)
- Seamless
- Tough and elastomeric
- High build
- Quick drying
- Abrasion and impact resistant
- Cannot be used in situations of extremely high or low pH, coupled with high temperature immersion

Part #PROMAXX-B

**⚠️ WARNING:** Some products may contain chemicals such as DEHP, which can cause cancer, birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### PRO TEXX HEAVY DUTY GRILLE GUARDS\*

Pro Texx's heavy duty grille guard for full-sized trucks and SUVs features a full 2" tubular design and full mesh center grille for maximum protection. Available in black powder coat finish.

- 2"-diameter tube
- 1-piece welded uprights
- 2" wraparound wings
- Custom designed for each vehicle application

 \*WARNING: Some products may contain chemicals such as DEHP, which can cause cancer, birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### ROOFTOP CARGO CARRIERS\*

- Fits most OE and aftermarket cross rails
- Durable all seasons HDPE material construction
- No tool assembly
- All mounting hardware included
- Dual side easy access
- 10 cu. ft. and 18 cu. ft.

DESCRIPTION	PART #
10 CU. FT. ROOFTOP CARGO CARRIER, BLACK	CC10CFT
18 CU. FT. ROOFTOP CARGO CARRIER, BLACK	CC18CFT

 \*WARNING: Cancer and Reproductive Harm – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### JUMP STARTERS WITH AIR COMPRESSORS

- 4.5L (AC-5000) and 8.0L (AC-6000) max gas engine jump starters
- Built-in 150 max PSI air compressor
- Universal battery pack
- USB-C charging cable included
- Silicon rubber control button for easy use

Part #AC-5000

Part #AC-6000

### YELLOW LABEL TOOLBOXES

ProMaxx toolboxes are the standard in rugged, weather-resistant boxes. These boxes feature a structured lid design which has an outer shell, an insulating middle layer and a unique reverse-beveled-edge lid liner. The combination of these 3 layers creates the strongest, most rigid aluminum lid in its class. To match the strength of the lid, our boxes feature a high-strength body with wider top rails.

- High-strength body design
- Built-in storage on both ends
- Self-aligning lid latch pins
- Heavy duty gas shock lid
- Lockable handles

Part #PRO92556NSB

Part #PRO91753SB

Part #PRO92747S

Part #PRO91750S

## TRANSFER TANKS\*

A safe and convenient means for transporting non-flammable liquids. Constructed of heavy .125-gauge brite-tread aluminum. Radius curve design eliminates key weld pressure points. Tanks feature 3 stability baffles, lockable cap, .375" drainage plug and venting coupler. Tanks are intended for private use (non-commercial). Mounting tabs are included to secure the tank to your truck bed. Not designed for use as an auxiliary fuel system. Not for use with gasoline. Does not meet title 49 of the United States Federal Registry Governing Transportation. Made in the USA. Limited lifetime warranty.
